

Vision Statement

The PENNCREST School District will be a dynamic educational community that inspires optimal student achievement and lifelong learning.

Mission Statement

PENNCREST School District's Mission is to provide resources and opportunities that challenge students, assess their educational progress, provide a system of support and empower all to become confident lifelong learners.

Shared Values

The PENNCREST educational community shared the following values and will create an environment in which students will flourish.

TITLE I

Title I is a federally funded program for schools to help meet the educational needs of those who need additional literacy support. The goal of Title I is a high quality education for every student. Title I money is used to improve student achievement, increase instructional resources, and build parent relationships through involving families.

Parent Involvement Plan

These plans are written with parents and school staff together each year. The information in the plans includes:

- How parents are involved in the school and their child's education.
- When the Annual Title I Meeting will be held to discuss Title I information and make decisions about funds.
- What workshops will be offered to parents to help build their involvement with their child's education.
