RE: **Public Announcement - Saegertown Elementary School Does Not Have Probable Case of COVID-19**

Earlier today, the District was informed by the PA Department of Health (DoH) that a student from Saegertown Elementary School developed COVID-19 symptoms while in quarantine.

Over the last several hours an error was uncovered.

As a result of our quick response and openness with the community, the PA DoH determined our student shared the same name as another person in Crawford County, and was incorrectly identified as a close contact on September 21, 2020.

At this time, Saegertown Elementary School does not have an active have an active case.

We appreciate your continued patience and support.
