RE: *Reopening Plan Community Input*

Dear PENNCREST Families:

We are busy meeting and planning with stakeholders to formulate our plan to return to school on September 2, 2020. Our plans include accommodations for each colored phase that we could possibly enter during the span of the 2020-2021 school year. Below is a brief overview of what defines each phase. We are seeking your input on items that we are able to have flexibility with in each phase. Below are surveys linked for parents and students to provide that input. The surveys will close on July 9, 2020.

Green Phase - GREEN PHASE refers to everyone physically returning to school with reasonable CDC health and safety guidelines in place.

Yellow Phase - YELLOW PHASE refers to a spike of COVID19 cases in our area. To reduce the possibility of spread of the disease, we will be required to reduce the amount of people in our schools on a daily basis. This may result in a hybrid model of both online and face to face instruction.

Red Phase - RED PHASE refers to the need to shut down our facilities for the health and safety of our community. All instruction will be delivered online and our schools will be physically closed and quarantined.

The PA Department of Health is responsible for moving counties to different colored phases based on the number of identified cases of COVID-19.
