

PENNCREST

EMPOWERING LIFE-LONG LEARNERS

June 5, 2020

Dear PENNCREST School Community:

Commencement is one of the most gratifying times of the school year. It serves as a culminating event where students are recognized for 13 years of scholarship, growth, development, maturation, and achievement. Like so many events and traditions this year, our 2020 graduates were deprived of this customary rite of passage. This experience has imparted knowledge that cannot be learned from a textbook and created one final lasting memory of Cambridge Springs, Maplewood or Saegertown. We are extremely proud of all of our graduates and wish each member of the Quarantined Class of 2020 success, health, and happiness.

It is my hope that your summer break is filled with family, friends and memories. I have a few suggestions for students who like to plan ahead.

Student Summer To Do List:

Go fishing

Kayak

Ice cream, custard & frozen yogurt

Swim every week

Read one book during each summer month

Spend more time outside than inside

Volunteer

Catch lighting bugs

Fireworks

Eat more fruit and less packaged snacks

Ride a bike

S'Mores

Watch the sun rise and set (not necessarily in the same day)

Commit to a small change that will make a big difference in your life or the life of another

Summer is an extremely busy time for our 12-month employees. This summer we will continue our annual tasks while we will plan to re-open our schools on September 2nd in accordance with Pennsylvania's [Phased Re-Opening Guidance](#). We expect this new guidance to evolve over the next several months, and we anticipate COVID-19 will resurface at some point during the 2020-2021 school year forcing intermittent virtual instruction. We are preparing to provide high quality instruction in both a physical and virtual environment next school year. We will update the community in July and have the School Board approve our plan in August.

Wishing each of you a safe and relaxing summer,

Dr. Timothy S. Glasspool

Superintendent
