

PENNCREST

EMPOWERING LIFE-LONG LEARNERS

March 30, 2020

Dear Parent/Guardian,

We are in the midst of an unprecedented national crisis and worldwide COVID-19 pandemic which has resulted in the closure of our schools as a means of protecting each of us and preventing the spread of the virus. We hope all of your family remains safe and healthy in these difficult times. PENNCREST School District is committed to making a good faith effort in providing education to all students while school operations are impacted by the pandemic.

In response to the closures, the Pennsylvania General Assembly has required schools to develop continuity of education plans for providing ongoing instruction to our students. When a school is closed because of COVID-19 response efforts and provides educational services to the general student population, it must ensure that, to the greatest extent possible, each student with a disability can be provided the accommodations identified in the student's section 504 plan. As a student with a disability, your child must have access to the same educational opportunities as the general student population. In other words, our teachers will be responsible to uphold their obligation in following student 504 plans and providing accommodations, to the greatest extent possible and to the best of their ability. These continuity education plans are for providing services to the extent possible when normal school operations are impacted by the COVID-19 pandemic emergency.

During the COVID-19 pandemic, PENNCREST School District will provide services to students by multiple means including: online/internet and virtual assignments and support, providing hard copy packets, email, and phone calls. In addition, your child's case manager will be responsible to work closely with you and the general education teachers to ensure the necessary support and instruction is being provided. All of these actions are necessitated by the requirements of social distancing and stay-at-home orders due to the COVID-19 pandemic, meaning that in-person services cannot be provided at this time.

PENNCREST School District's Continuity of Education Plan considered the type of programming that is offered in your child's 504 agreement and the current limitations on school operations resulting from the pandemic, government orders, and health and safety concerns. This emergency plan to provide services to the best of our abilities and in good faith, will continue in place until further notice or until the District and schools are able to resume normal operations.

We remain hopeful that we will be able to return to school at some point this year. However, if your child has a plan review coming up, we do plan to continue 504 Plan reviews on their normal schedule. Due to the social distancing requirements, those meetings will be held virtually. If you have a scheduled 504 meeting for your child, you will be contacted prior to the scheduled meeting and provided with a

link and phone number giving you the ability to access and participate in the meeting. We trust you understand the need for these alternative arrangements. The circumstances are not ideal, but we ask that you bear with us.

The pandemic has presented us with an emergency situation, and this continuity of education plan will remain in place until we are able to resume normal school operations. At that time, we will review each student's situation and whether the disruption of the pandemic response requires programmatic changes. If there are questions or concerns, please feel free to contact Patti Fiely, Director of Student Services by email pfuely@penncrest.org or phone (814) 337-1600 ext. 1625.

Sincerely,

Patti Fiely
